APPLICANT'S STATEMENT, WAIVER OF LIABILITY, AND AUTHORIZATION

I declare that my answers to the questions on this applications are true and complete. I understand that any unanswered questions may cause application to be rejected and if I leave out important facts about my background or make any false statement on this application, other paperwork or during interviews, I may not be hired or I may be terminated if Signal Metal Inc. finds out at a later date. I authorize Signal Metal to thoroughly investigate all statements contained in my application or resume. I give permission to my past employers, schools and personal/business references to give Signal Metal any and all information about my work habits, education, training, earnings, qualifications, any job related injuries, and character, without giving me prior notice of such disclosure. I certify if hired, I am willing to work overtime when scheduled, submit to a physical and/or drug test when requested, submit to a polygraph examination when requested, and submit to a security search when requested. In addition, I release all persons from all liability and agree not to sue anyone for any damages that may happen from giving or using this information.

I acknowledge that any job offer is not final until I pass Signal Metal's drug/alcohol test, human performance exam, reference check, and background check.

I declare as an applicant for employment with Signal Metal Industries, Inc. that I freely and voluntarily assume all responsibility and risk associated in any trade/skill testing conducted to determine any ability to perform the skills necessary for the position. I, the applicant, voluntarily release Signal Metal Industries, Inc. from any and all negligence and/or liability of any kind from occurring in or from skill testing or touring the properties.

I understand that Signal Metal does subscribe to worker's compensation insurance. I further acknowledge that I am not to lift or transfer any object, unless I am familiar with the given situation and am reasonably sure that doing so alone can be safely accomplished. I agree to comply with all verbal instructions, policies and procedures, warning signs, compliance signs and safety regulations while on Signal Metal property. I agree to report immediately to a supervisor any and all incidents resulting in injury or illness while on Signal Metal property whether as an applicant or an employee. I understand failure to report any injury related incident before end of work/shift or leaving Signal Metal property may result in loss of workers' compensation benefits and/or loss of payment of any medical claims.

At all times I agree to use and wear all safety items required by Signal Metal and will be careful not to expose myself or fellow workers to unnecessary dangers. If hired, I will submit to drug/alcohol and medical exams by a doctor chosen by Signal Metal at any time asked, to the extent permitted by law, and I will submit all medical information related to my work injury or illness. I will also cooperate in any investigation by giving true and complete answers to all questions. I understand that Signal Metal will require that I attest to my identity and employment eligibility and I will need to present documents confirming my identity and employment eligibility. I understand that I cannot be hired if I do not comply with presenting my identity and employment eligibility documentation for I-9 form requirements, I agree not to give out any of Signal Metal's trade secrets, or any information about the company without permission, and I agree not to do things in conflict of interest with Signal Metal. I understand that no employee or representative of Signal Metal has the authority to enter into any agreement with me for employment for any specific period of time. I further understand and agree that if I am hired, my employment will be "at-will" and without a fixed term, and that Signal Metal or I may terminate my employment at any time, with or without cause or notice.

I understand that filling out this application form does not indicate there is a position open and does not obligate Signal Metal to hire. If hired, I agree to abide by all company work rules, policies and procedures. Signal Metal retains the right to revise its policies and procedures, in whole or in part, at any time.

I certify that I have read in full, that it has been explained to me to my satisfaction, that I have been given the opportunity to ask questions. I understand and voluntarily fully agree to accept the responsibilities it places on me, and I sign it of my own free will. This applicant statement waiver, and authorization, is governed by the laws of the States of Texas.
